

4.6B DESIGN STUDIES - PUBLIC REALM MASTERPLAN

Public realm masterplan considerations:

- Tree planting and palette of materials to create/complement townscape character in the vicinity of the station
- Use of high quality, sustainable material with ease of maintenance
- Create streetscapes to instill a 'sense of place' and enhance public realm quality.
- Urban realm interventions to help establish Forest Gate as a vibrant district centre
- Urban realm to complement the heritage and townscape character of Forest Gate

Key

	Stage D boundary
	Existing Trees
	Proposed Trees
	Proposed Planting
	Bus Shelter and post
	Legible London Signage
	Tree pit
	Cycle stands
